Creosalus, Inc (Advanced ChemTech) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 09/25/2018

1. PROD	UCT AND COMPANY IDEN	TIFICATION		
1.1	Product identifiers			
	Product name	: Boc-Idc-OH		
	Product Number	: CB7312		
	Brand	: Advanced ChemTech		
	CAS-No.	: 144069-67-0		
1.2	Relevant identified uses	of the substance or mixture and uses advised against		
	Identified uses	: Laboratory chemicals, Manufacture of substances		
1.3	Details of the supplier of the safety data sheet			
	Company	: Creosalus, Inc.		
		5609 Fern Valley Rd, Louisville, KY 40228 USA		
	Telephone	:+1 800-456-1403		
	Fax	: +1 502-968-1000		
1.4		umber : +1 800-424-9300 Chemtrec		
	RDS IDENTIFICATION			
2.1		stance or mixture: Not a hazardous substance or mixture		
2.2	GHS Label elements, including precautionary statements: Not a hazardous substance or mixture			
2.3	Hazards not otherwise cl	lassified (HNOC) or not covered by GHS – none		
3 COMP	OSITION/INFORMATION OI			
3.1 3.1	Substances	NINGREDIENTS		
2.1		N Page Lindeling 2 corbowlig gold		
	Synonym	: N-Boc-L-indoline-2-carboxylic acid		
	Formula Molecular Weight	: C ₁₄ H ₁₇ NO ₄		
	Molecular Weight	: 263.29 g/mole		
	CAS-No.	: 144069-67-0		
	No components need to be	e disclosed according to the applicable regulations.		
4. FIRST	AID MEASURES			
4.1	Description of first aid measures			
	If inhaled: If breathed in, move person into fresh air. If not breathing, give artificial respiration.			
	In case of skin contact: Wash off with soap and plenty of water.			
	In case of eye contact: Flush eyes with water as a precaution.			
	in case of eye contact.			
	If swallowed. Never give			
12		anything by mouth to an unconscious person. Rinse mouth with water.		
4.2	Most important symptom	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the		
	Most important symptom labeling (see section 2.2) a	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11		
4.2 4.3	Most important symptom labeling (see section 2.2) a	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the		
4.3	Most important symptom labeling (see section 2.2) a Indication of any immedi	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11		
4.3	Most important sympton labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11		
4.3 5. FIREF	Most important sympton labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available		
4.3 5. FIREF 5.1	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available inedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.		
4.3 5. FIREF 5.1 5.2	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known.		
4.3 5. FIREF 5.1 5.2 5.3	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary.		
4.3 5. FIREF 5.1 5.2 5.3 5.4	Most important sympton labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID	Most important symptom labeling (see section 2.2) a Indication of any immedia IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASURE	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES		
4.3 5. FIREF 5.1 5.2 5.3 5.4	Most important symptom labeling (see section 2.2) a Indication of any immedia IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUR Personal Precautions, p	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1	Most important symptom labeling (see section 2.2) a Indication of any immedia IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUF Personal Precautions, p For personal protection se	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas the section 8.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUF Personal Precautions, p For personal protection se Environmental precautio	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas te section 8. ms: No special environmental precautions required.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1 6.2 6.3	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUR Personal Precautions, p For personal protection se Environmental precaution Methods and materials for	anything by mouth to an unconscious person. Rinse mouth with water. Ins and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas te section 8. ms: No special environmental precautions required. or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1 6.2 6.3	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUR Personal Precautions, p For personal protection se Environmental precaution Methods and materials for	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas te section 8. ms: No special environmental precautions required.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1 6.2 6.3 6.4	Most important symptom labeling (see section 2.2) a Indication of any immedia IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUF Personal Precautions, p For personal protection se Environmental precaution Methods and materials for Reference to other section	anything by mouth to an unconscious person. Rinse mouth with water. Ins and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas te section 8. ms: No special environmental precautions required. or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1 6.2 6.3 6.4 7. HAND	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUF Personal Precautions, p For personal protection se Environmental precaution Methods and materials for Reference to other section	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas the section 8. mis: No special environmental precautions required. or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13.		
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCID 6.1 6.2 6.3 6.4	Most important symptom labeling (see section 2.2) a Indication of any immedi IGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising f Advice for firefighters: W Further information: No o DENTAL RELEASE MEASUF Personal Precautions, p For personal Protection se Environmental precaution Methods and materials for Reference to other section LING AND STORAGE Precautions for safe har	anything by mouth to an unconscious person. Rinse mouth with water. ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 iate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Nature of decomposition products not known. Vear self contained breathing apparatus for fire fighting if necessary. data available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas te section 8. ons: No special environmental precautions required. or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13. modifing: Further processing of solid materials may result in the formation of combustible dusts. The potential for

Body Protection: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection: Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure: No special environmental precautions required.

9. PHYSICAL AND CHEMICAL PROPERTIES 9.1

Information on basic physical and chemical pro	•
a) Appearance	Form: White to Off-White powder
b) Odor	no data available
c) Odor Threshold	no data available
d) pH	no data available
e) Melting point/freezing point	no data available
f) Initial boiling point and boiling range	no data available
g) Flash point	no data available
 h) Evaporation rate 	no data available
i) Flammability (solid, gas)	no data available
j) Upper/lower flammability or explosive limits	no data available
k) Vapor pressure	no data available
I) Vapor density	no data available
m) Relative density	no data available
n) Water solubility	no data available
 Partition coefficient: n- octanol/water 	no data available
p) Auto-ignition temperature	no data available
 q) Decomposition temperature 	no data available
r) Viscosity	no data available
s) Explosive properties	no data available
t) Oxidizing properties	no data available
Other safety information:	no data available

10. STABILITY AND REACTIVITY

9.2

- 10.1 Reactivity: No data available
- 10.2 Chemical stability: Stable under recommended storage conditions.
- 10.3 Possibility of hazardous reactions: No data available
- Conditions to avoid: No data available 10.4
- 10.5 Incompatible materials: Strong oxidizing agents
- Hazardous decomposition products: In the event of fire: see section 5 10.6

11. TOXICOLOGICAL INFORMATION 11.1

Information on toxicological effects

- Acute toxicity: No data available
- Inhalation: No data available

Dermal: No data available

Skin corrosion/irritation: No data available

- Serious eye damage/eye irritation: No data available Respiratory or skin sensitization: No data available
- Germ cell mutagenicity: No data available

Carcinogenicity:

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity: No data available

Specific target organ toxicity - single exposure: No data available

- Specific target organ toxicity repeated exposure: No data available
 - Aspiration hazard: No data available

Additional Information: RTECS: Not available, to the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12. ECOLOGICAL INFORMATION

- 12.1 Toxicity: No data available
- Persistence and degradability: No data available Bioaccumulative potential: No data available 12.2
- 12.3
- 12.4 Mobility in soil: No data available
- Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available
- 13. DISPOSAL CONSIDERATIONS
- 13.1 Waste treatment methods
 - Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
