Creosalus, Inc (Advanced ChemTech)

) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 01/03/2020

 labeling (see section 2.2) and/or in section 11 Indication of any immediate medical attention and special treatment needed: No data available FIREFIGHTING MEASURES Extinguishing media Suitable extinguishing media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Special hazards arising from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Advice for firefighters: Wear self contained breathing apparatus for fire fighting if necessary. Further information: No data available 6. ACCIDENTAL RELEASE MEASURES Personal Precautions, protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist of For personal protection see section 8. Environmental precautions: Do not let product enter drains. Methods and materials for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. Reference to other sections: For disposal see section 13. 7. HANDLING AND STORAGE 7.1 Precautions for safe handling: Provide appropriate exhaust ventilation at places where dust is formed. For precautions, see section 	Product identifiers Product Number :::FR2242 Brand ::::Att2DSP CASNo ::::Iterating of the safety data sheet Company ::::Company iterating of the safety data sheet Company ::::Company iterating of the safety data sheet Company ::::Company iterating of the safety data sheet Company :::::Company iterating of the safety data sheet Company ::::::::::::::::::::::::::::::::::::

Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure Do not let product enter drains.

9. PHY	SICAL AND CHEMICAL PROPERTIES				
9.1	Information on basic physical and chemical properties				
	a) Appearance	Form: White to Off-White powder			
	b) Odor	no data available			
	c) Odor Threshold	no data available			
	d) pH	no data available			
	e) Melting point/freezing point	no data available			
	f) Initial boiling point and boiling range	no data available			
	g) Flash point	no data available			
	h) Evaporation rate	no data available			
	i) Flammability (solid, gas)	no data available			
	j) Upper/lower flammability or explosive limits	no data available			
	k) Vapor pressure	no data available			
	I) Vapor density	no data available			
	m) Relative density	no data available			
	n) Water solubility	no data available			
	 Partition coefficient: n- octanol/water 	no data available			
	 p) Auto-ignition temperature 	no data available			
	 d) Decomposition temperature 	no data available			
	r) Viscosity	no data available			
	s) Explosive properties	no data available			
	t) Oxidizing properties	no data available			
9.2	Óther safety information:	no data available			

10. STABILITY AND REACTIVITY

- 10.1 Reactivity: No data available
- Chemical stability: Stable under recommended storage conditions. 10.2
- 10.3 Possibility of hazardous reactions: No data available
- 10.4 Conditions to avoid: No data available
- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products - no data available. In the event of fire: see section 5

11. TOXICOLOGICAL INFORMATION

- Information on toxicological effects 11.1
 - Acute toxicity: No data available
 - Inhalation: No data available
 - Dermal: No data available
 - Skin corrosion/irritation: No data available
 - Serious eye damage/eye irritation: No data available
 - Respiratory or skin sensitization: No data available
 - Germ cell mutagenicity: No data available
 - Carcinogenicity:
 - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
 - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
 - NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
 - OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
 - Reproductive toxicity: No data available
 - Specific target organ toxicity single exposure: No data available
 - Specific target organ toxicity repeated exposure: No data available
 - Aspiration hazard: No data available
 - Additional Information
 - **RTECS:** Not available
 - To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12. ECOLOGICAL INFORMATION

- Toxicity: No data available 12.1
- Persistence and degradability: No data available 12.2
- Bioaccumulative potential: No data available 12.3
- 12.4
- Mobility in soil: No data available Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available

13. DISPOSAL CONSIDERATIONS

- 13.1 Waste treatment methods
 - Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
