Creosalus, Inc (Advanced ChemTech ) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 06/26/2015

1. PRO					
1.1	Product identifiers				
	Product name	: Fmoc-NIe-OH			
	Product Number	: FL2371			
	Brand	: Advanced ChemTech			
	CAS-No.	: 77284-32-3			
1.2	Relevant identified uses of the substance or mixture and uses advised against				
	Identified uses : Laboratory chemicals, Manufacture of substances				
1.3	Details of the supplier of the safety data sheet				
	Company	: Creosalus, Inc.			
		5609 Fern Valley Rd, Louisville, KY 40228 USA			
	Telephone	: +1 800-456-1403			
	Fax	: +1 502-968-1000			
1.4	Emergency telephone number	: +1 800-424-9300 Chemtrec			
	ARDS IDENTIFICATION				
z. па <i>сі</i> 2.1		or mixture: Not a bazardous substance or mixture			
2.1 2.2	Classification of the substance or mixture: Not a hazardous substance or mixture.				
2.2 2.3	GHS Label elements, including precautionary statements: Not a hazardous substance or mixture. Hazards not otherwise classified (HNOC) or not covered by GHS – none				
2.3	Hazarus not otherwise classifie	a (moc) of not covered by GHS - none			
3. COM	POSITION/INFORMATION ON INGR	EDIENTS			
3.1	Substances				
	Synonyms	: Fmoc-L-norleucine			
	- ,	(S)-2-(Fmoc-amino)caproic acid			
		(S)-2-(Fmoc-amino)hexanoic acid			
		N-(9-Fluorenylmethoxycarbonyl)-L-norleucine			
	Formula	: $C_{21}H_{23}NO_4$			
	Molecular Weight	: 353.40g/mole			
	CAS-No.	: 77284-32-3			
	No ingredients are hazardous acc				
		sed according to the applicable regulations.			
	No components need to be disclo	sed according to the applicable regulations.			
	T AID MEASURES				
		20			
	Description of first aid measure				
	Description of first aid measure If inhaled: If breathed in, move pe	erson into fresh air. If not breathing, give artificial respiration.			
4.1	Description of first aid measure If inhaled: If breathed in, move pe In case of skin contact: Wash of	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water.			
	Description of first aid measure If inhaled: If breathed in, move pu In case of skin contact: Wash of In case of eye contact: Flush ey	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution.			
4.1	Description of first aid measure If inhaled: If breathed in, move pu In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water.			
	Description of first aid measure If inhaled: If breathed in, move po In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th			
4.1 4.2	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11			
4.1	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th			
4.1 4.2 4.3	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush eye If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11			
4.1 4.2 4.3 5. FIRE	Description of first aid measure If inhaled: If breathed in, move puin case of skin contact: Wash of In case of seve contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11			
4.1 4.2 4.3	Description of first aid measure If inhaled: If breathed in, move por In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. <b>effects, both acute and delayed:</b> The most important known symptoms and effects are described in th n section 11 <b>dical attention and special treatment needed:</b> No data available			
4.1 4.2 4.3 5. FIRE 5.1	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 vidical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.			
4.1 4.2 4.3 5. FIRE 5.1 5.2	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th	Prison into fresh air. If not breathing, give artificial respiration. If with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx)			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3	Description of first aid measure If inhaled: If breathed in, move puin case of skin contact: Wash of In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary.			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary.			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4	Description of first aid measure If inhaled: If breathed in, move por In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary.			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC	Description of first aid measure If inhaled: If breathed in, move point case of skin contact: Wash of In case of eye contact: Flush eye If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available IDENTAL RELEASE MEASURES	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary. ailable			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC	Description of first aid measure If inhaled: If breathed in, move pr In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data avaitable DENTAL RELEASE MEASURES Personal Precautions, protection	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC	Description of first aid measure If inhaled: If breathed in, move puin case of skin contact: Wash of In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data avai IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	Description of first aid measure If inhaled: If breathed in, move pr In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: Do	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOX) If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8. not let product enter drains.			
4.1 4.2 4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3	Description of first aid measure If inhaled: If breathed in, move por In case of skin contact: Wash of In case of eye contact: Flush ey If swallowed: Never give anythin Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data avail IDENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont	erson into fresh air. If not breathing, give artificial respiration. ff with soap and plenty of water. es with water as a precaution. g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.

Skin protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Body Protection: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection: Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure: Do not let product enter drains.

#### 9. PHYSICAL AND CHEMICAL PROPERTIES 9.1

Information on basic physical and chemical pr	operties
a) Appearance	Form: White to Off-White powder
b) Odor	no data available
c) Odor Threshold	no data available
d) pH	no data available
<ul> <li>e) Melting point/freezing point</li> </ul>	Melting point/range: 141 - 144 °C (286 - 291 °F)
<li>f) Initial boiling point and boiling range</li>	no data available
g) Flash point	no data available
<ul> <li>h) Evaporation rate</li> </ul>	no data available
<li>i) Flammability (solid, gas)</li>	no data available
<li>j) Upper/lower flammability or explosive limits</li>	no data available
<ul><li>k) Vapor pressure</li></ul>	no data available
I) Vapor density	no data available
m) Relative density	no data available
n) Water solubility	no data available
<ul> <li>Partition coefficient: n- octanol/water</li> </ul>	no data available
p) Auto-ignition temperature	no data available
<ul> <li>q) Decomposition temperature</li> </ul>	no data available
r) Viscosity	no data available
<ul> <li>s) Explosive properties</li> </ul>	no data available
<ul> <li>t) Oxidizing properties</li> </ul>	no data available
Other safety information:	no data available

## **10. STABILITY AND REACTIVITY**

9.2

Reactivity: No data available 10.1

10.2 Chemical stability: Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions: No data available

Conditions to avoid: No data available 10.4

- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products - no data available. In the event of fire: see section 5

#### **11. TOXICOLOGICAL INFORMATION**

Information on toxicological effects 11.1

Acute toxicity: No data available

Inhalation: No data available

Dermal: No data available

Skin corrosion/irritation: No data available

Serious eye damage/eye irritation: No data available

Respiratory or skin sensitization: No data available

Germ cell mutagenicity: No data available

Carcinogenicity:

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity: No data available

Specific target organ toxicity - single exposure: No data available

Specific target organ toxicity - repeated exposure: No data available

Aspiration hazard: No data available

Additional Information: RTECS: Not available, to the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

## **12. ECOLOGICAL INFORMATION**

#### 12.1 Toxicity: No data available

- Persistence and degradability: No data available 12.2
- 12.3 Bioaccumulative potential: No data available
- 12.4 Mobility in soil: No data available
- 12.5 Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted
- 12.6 Other adverse effects: No data available

13. DISPOSAL CONSIDERATIONS

## © CREOSALUS, INC. ALL RIGHTS RESERVED

### 13.1 Waste treatment methods

Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
