Creosalus, Inc (Advanced ChemTech ) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 01/05/2016

1. PRO	DUCT AND COMPANY IDENTIFICA	TION
1.1	Product identifiers	
	Product name	: Fmoc-Tyr(Me)-OH
	Product Number	FY2569
	Brand	Advanced ChemTech
	CAS-No.	77128-72-4
1.2		substance or mixture and uses advised against
1.2	Identified uses	: Laboratory chemicals, Manufacture of substances
1.3		
1.3	Details of the supplier of the sa	
	Company	: Creosalus, Inc.
	Talanhana	5609 Fern Valley Rd, Louisville, KY 40228 USA
	Telephone	: +1 800-456-1403
	Fax	: +1 502-968-1000
1.4	Emergency telephone number	: +1 800-424-9300 Chemtrec
2. HAZ	ARDS IDENTIFICATION	
2.1		or mixture: Not a hazardous substance or mixture.
2.2		precautionary statements: Not a hazardous substance or mixture.
2.3		d (HNOC) or not covered by GHS – none
2.5		
3. COM	<b>IPOSITION/INFORMATION ON INGR</b>	EDIENTS
3.1	Substances	
	Formula	: $C_{25}H_{23}NO_5$
	Molecular Weight	: 417.46g/mole
	CAS-No.	: 77128-72-4
		sed according to the applicable regulations.
	no components need to be disclo	
4. FIRS	T AID MEASURES	
4.1	Description of first aid measure	25
		erson into fresh air. If not breathing, give artificial respiration.
	In case of skin contact: Wash of	
	In case of eye contact: Flush eye	
		a by mouth to an unconceious nerven. Dince mouth with water
4.0		g by mouth to an unconscious person. Rinse mouth with water.
4.2	Most important symptoms and	effects, both acute and delayed: The most important known symptoms and effects are described in the
	Most important symptoms and labeling (see section 2.2) and/or in	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11
	Most important symptoms and labeling (see section 2.2) and/or in	effects, both acute and delayed: The most important known symptoms and effects are described in the
4.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11
4.3 5. FIRE	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11
4.3 5. FIRE	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available
4.3 5. FIRE 5.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
4.3 5. FIRE 5.1 5.2	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known.
4.3 5. FIRE 5.1 5.2 5.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary.
4.3 5. FIRE 5.1 5.2 5.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary.
4.3 5. FIRE 5.1 5.2 5.3 5.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available IDENTAL RELEASE MEASURES	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from th Advice for firefighters: Wear sel Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protection	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data available DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.
5.1 5.2 5.3 5.4 6. ACC 6.1 6.2	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protection For personal protection see sectic Environmental precautions: No	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8. special environmental precautions required.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protection For personal protection see sectic Environmental precautions: No	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protection For personal protection see sectic Environmental precautions: No	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from th Advice for firefighters: Wear sel Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: No Methods and materials for cont Reference to other sections: For	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. or disposal see section 13.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protection For personal protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11         idical attention and special treatment needed: No data available         Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         e substance or mixture: Nature of decomposition products not known.         if contained breathing apparatus for fire fighting if necessary.         ailable         ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.         special environmental precautions required.         ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.         r disposal see section 13.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available internation in No data available IDENTAL RELEASE MEASURES Personal Precautions, protective For personal protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should	effects, both acute and delayed: The most important known symptoms and effects are described in th n section 11 dical attention and special treatment needed: No data available Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. or disposal see section 13. Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available internation in the section of the section Environmental precautions, protective For personal Protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. For	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable  ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. aimment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available internation in the section of the section Environmental precautions, protective For personal Protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. For	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. or disposal see section 13.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data available internation in the section of the section Environmental precautions, protective For personal Protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. For	<ul> <li>effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11</li> <li>idical attention and special treatment needed: No data available</li> <li>Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>e substance or mixture: Nature of decomposition products not known.</li> <li>If contained breathing apparatus for fire fighting if necessary.</li> <li>ailable</li> <li>ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.</li> <li>special environmental precautions required.</li> <li>ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.</li> <li>cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage</li> </ul>
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: No Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. Fo Conditions for safe storage, inc class (TRGS 510): Non Combusti	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2. cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1 7.2 7.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me EFIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from th Advice for firefighters: Wear sel Further information: No data availate intervention information: No data availate Personal Precautions, protectiv For personal protection see section Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. Fi Conditions for safe storage, ind class (TRGS 510): Non Combusti Specific end use(s): Apart from the	effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11         idical attention and special treatment needed: No data available         Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         e substance or mixture: Nature of decomposition products not known.         If contained breathing apparatus for fire fighting if necessary.         ailable         ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.         special environmental precautions required.         ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.         r disposal see section 13.         Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.         cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage ble Solids the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1 7.2 7.3 8. EXP(	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data availate iDENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. Fi Conditions for safe storage, inc class (TRGS 510): Non Combusti Specific end use(s): Apart from to OSURE CONTROLS/PERSONAL PR	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11         idical attention and special treatment needed: No data available         Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         e substance or mixture: Nature of decomposition products not known.         If contained breathing apparatus for fire fighting if necessary.         ailable         ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.         special environmental precautions required.         ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.         r disposal see section 13.         Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.         cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage ble Solids the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIRE 5.1 5.2 5.3 5.4 5. ACC 5.3 5.4 7. HAN 7.1 7.2 7.3 3. EXP(	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectio Environmental precautions: No Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. For class (TRGS 510): Non Combusti Specific end use(s): Apart from to OSURE CONTROLS/PERSONAL PR Control parameters	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Nature of decomposition products not known. If contained breathing apparatus for fire fighting if necessary. ailable we equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8. special environmental precautions required. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. or disposal see section 13. Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2. Eluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage ble Solids the uses mentioned in section 1.2 no other specific uses are stipulated OTECTION
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1 7.2 7.3 8. EXP( 8.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: No Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. For Conditions for safe storage, inc class (TRGS 510): Non Combusti Specific end use(s): Apart from to OSURE CONTROLS/PERSONAL PR Control parameters Components with workplace co	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11         idical attention and special treatment needed: No data available         Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         e substance or mixture: Nature of decomposition products not known.         If contained breathing apparatus for fire fighting if necessary.         ailable         ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.         special environmental precautions required.         ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.         r disposal see section 13.         Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.         cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage ble Solids the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1 7.2 7.3 8. EXP( 8.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear set Further information: No data av IDENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectio Environmental precautions: No Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. Fi Conditions for safe storage, ind class (TRGS 510): Non Combusti Specific end use(s): Apart from f OSURE CONTROLS/PERSONAL PR Control parameters Components with workplace co	effects, both acute and delayed: The most important known symptoms and effects are described in the section 11         idical attention and special treatment needed: No data available         Jse water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         e substance or mixture: Nature of decomposition products not known.         If contained breathing apparatus for fire fighting if necessary.         ailable         ve equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas on 8.         special environmental precautions required.         ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.         r disposal see section 13.         Further processing of solid materials may result in the formation of combustible dusts. The potential for d be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation or precautions see section 2.2.         cluding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage ble Solids         the uses mentioned in section 1.2 no other specific uses are stipulated         OTECTION         ontrol parameters Contains no substances with occupational exposure limit values.
4.3 5. FIRE 5.1 5.2 5.3 5.4 6. ACC 6.1 6.2 6.3 6.4 7. HAN 7.1 7.2 7.3 8. EXP( 8.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data availate iDENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: No Methods and materials for cont Reference to other sections: For DLING AND STORAGE Precautions for safe handling: I combustible dust formation should at places where dust is formed. Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure No special environmental precautions required.

## **10. STABILITY AND REACTIVITY**

- Reactivity: No data available 10.1
- Chemical stability: Stable under recommended storage conditions. 10.2
- 10.3 Possibility of hazardous reactions: No data available
- 10.4 Conditions to avoid: No data available
- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products - no data available. In the event of fire: see section 5

### **11. TOXICOLOGICAL INFORMATION**

- Information on toxicological effects 11.1
  - Acute toxicity: No data available
    - Inhalation: No data available
    - Dermal: No data available
    - Skin corrosion/irritation: No data available
    - Serious eye damage/eye irritation: No data available
    - Respiratory or skin sensitization: No data available
    - Germ cell mutagenicity: No data available
    - Carcinogenicity:
    - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
    - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
    - NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
    - OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
    - Reproductive toxicity: No data available
    - Specific target organ toxicity single exposure: No data available

Specific target organ toxicity - repeated exposure: No data available

- Aspiration hazard: No data available
- Additional Information: RTECS: Not available

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

## 12. ECOLOGICAL INFORMATION

- Toxicity: No data available 12.1
- Persistence and degradability: No data available Bioaccumulative potential: No data available 12.2
- 12.3
- Mobility in soil: No data available 12.4
- Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available

# 13. DISPOSAL CONSIDERATIONS

Waste treatment methods 13.1

- Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
- 14. TRANSPORT INFORMATION

DOT (US) Not dangerous goods
