Creosalus, Inc (Advanced ChemTech) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 07/16/19

1. PROD	OUCT AND COMPANY IDENTIFICAT	ION			
1.1	Product identifiers				
	Product name	: H-D-Glu(OBzl)-OH			
	Product Number	1 E7240			
	Brand	: Advanced ChemTech			
	CAS-No.	: 2578-33-8			
1.2		substance or mixture and uses advised against			
	Identified uses	: Laboratory chemicals, Manufacture of substances			
1.3	Details of the supplier of the sat	Details of the supplier of the safety data sheet			
	Company	: Creosalus, Inc.			
	Company				
	T 1 1 1 1	5609 Fern Valley Rd, Louisville, KY 40228 USA			
	Telephone	: +1 800-456-1403			
	Fax	: +1 502-968-1000			
1.4	Emergency telephone number	: +1 800-424-9300 Chemtrec			
	RDS IDENTIFICATION				
2.1	Classification of the substance	or mixture: Not a hazardous substance or mixture.			
2.2	GHS Label elements, including	precautionary statements: Not a hazardous substance or mixture.			
2.3	Hazards not otherwise classifie	d (HNOC) or not covered by GHS – none			
3. COMI	POSITION/INFORMATION ON INGR	EDIENTS			
3.1	Substances				
	Formula	: C12H15NO4			
	Molecular Weight	: 237.26g/mole			
	CAS-No.	: 2578-33-8			
	No ingredients are hazardous acc				
	No components need to be disclo	sed according to the applicable regulations.			
	•	· ·· ·			
4. FIRST	AID MEASURES				
4.1	Description of first aid measure	S			
	If inhaled: If breathed in, move person into fresh air. If not breathing, give artificial respiration.				
	In case of skin contact: Wash off with soap and plenty of water.				
	In case of eye contact: Flush eyes with water as a precaution.				
		by mouth to an unconscious person. Rinse mouth with water.			
4.2		by mouth to an unconscious person. Rinse mouth with water.			
4.2	Most important symptoms and	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the			
	Most important symptoms and labeling (see section 2.2) and/or in	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11			
4.2 4.3	Most important symptoms and labeling (see section 2.2) and/or in	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the			
4.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11			
4.3 5. FIREF	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11			
4.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available			
4.3 5. FIREF 5.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available se water spray, alcohol-resistant foam, dry chemical or carbon dioxide.			
4.3 5. FIREF	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available			
4.3 5. FIREF 5.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11 dical attention and special treatment needed: No data available lese water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx)			
4.3 5. FIREF 5.1 5.2	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary.			
4.3 5. FIREF 5.1 5.2 5.3 5.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary.			
4.3 5. FIREF 5.1 5.2 5.3 5.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the Advice for firefighters: Wear sel	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary.			
4.3 5. FIREF 5.1 5.2 5.3 5.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. aliable			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protection	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. iilable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. a substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. ailable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11 dical attention and special treatment needed: No data available lese water spray, alcohol-resistant foam, dry chemical or carbon dioxide. a substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8. not let product enter drains.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available be water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available be water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available be water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectic Environmental precautions: Do Methods and materials for cont. Reference to other sections: Fo DLING AND STORAGE	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the insection 11 dical attention and special treatment needed: No data available Ise water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. tilable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectic Environmental precautions: Do Methods and materials for cont. Reference to other sections: Fo DLING AND STORAGE	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the in section 11 dical attention and special treatment needed: No data available lise water spray, alcohol-resistant foam, dry chemical or carbon dioxide. a substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. aliable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th- Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont: Reference to other sections: Fo DENTAG AND STORAGE Precautions for safe handling: F	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the a section 11 dical attention and special treatment needed: No data available les water spray, alcohol-resistant foam, dry chemical or carbon dioxide. a substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo DELING AND STORAGE Precautions for safe handling: F Conditions for safe storage, inc	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available dise water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. ailable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE 7.1 7.2	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section Environmental precautions: Do Methods and materials for cont. Reference to other sections: Fo DLING AND STORAGE Precautions for safe storage, inc Recommended storage temperatu	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available lse water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOX) f contained breathing apparatus for fire fighting if necessary. iilable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. luding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. re: 2 - 8 °C. Keep in a dry place.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.2 6.3 6.3 6.4 7. HANE 7.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see section Environmental precautions: Do Methods and materials for cont. Reference to other sections: Fo DLING AND STORAGE Precautions for safe storage, inc Recommended storage temperatu	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the section 11 dical attention and special treatment needed: No data available lese water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. allable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. luding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectic Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: F Conditions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t	by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the insection 11 dical attention and special treatment needed: No data available like water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. illable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. Iuding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. ire: 2 - 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3 8. EXPC	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: U Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo DUING AND STORAGE Precautions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t	by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the insection 11 dical attention and special treatment needed: No data available like water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. illable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. Iuding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. ire: 2 - 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3 8. EXPC	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from th Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectiv For personal protection see sectio Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo DELING AND STORAGE Precautions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t	by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available Ise water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOX) f contained breathing apparatus for fire fighting if necessary. iilable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. Iuding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. rre: 2 - 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated DTECTION			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: Do Methods and materials for cont Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: F Conditions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t	by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the insection 11 dical attention and special treatment needed: No data available like water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. illable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. Iuding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. ire: 2 - 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.1 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3 8. EXPC	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: Do Methods and materials for cont: Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: F Conditions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t SURE CONTROLS/PERSONAL PR Control parameters Components with workplace co Exposure controls	by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the original section 11 dical attention and special treatment needed: No data available like water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOX) f contained breathing apparatus for fire fighting if necessary. illable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. Iuding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. in: 2. 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated DTECTION ntrol parameters Contains no substances with occupational exposure limit values.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCII 6.2 6.3 6.4 7. HANE 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms and labeling (see section 2.2) and/or in Indication of any immediate me FIGHTING MEASURES Extinguishing media Suitable extinguishing media: L Special hazards arising from the Advice for firefighters: Wear sel Further information: No data ava DENTAL RELEASE MEASURES Personal Precautions, protectin For personal protection see sectic Environmental precautions: Do Methods and materials for cont: Reference to other sections: Fo DLING AND STORAGE Precautions for safe handling: F Conditions for safe storage, inc Recommended storage temperatu Specific end use(s): Apart from t SURE CONTROLS/PERSONAL PR Control parameters Components with workplace co Exposure controls	g by mouth to an unconscious person. Rinse mouth with water. effects, both acute and delayed: The most important known symptoms and effects are described in the n section 11 dical attention and special treatment needed: No data available se water spray, alcohol-resistant foam, dry chemical or carbon dioxide. e substance or mixture: Carbon oxides, nitrogen oxides (NOx) f contained breathing apparatus for fire fighting if necessary. illable re equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas n 8. not let product enter drains. ainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. r disposal see section 13. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2. luding any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. re: 2 - 8 °C. Keep in a dry place. he uses mentioned in section 1.2 no other specific uses are stipulated DTECTION

Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure Do not let product enter drains.

9. PHYSICAL AND CHEMICAL PROPERTIES			
9.1	Information on basic physical and chemical properties		
	a) Appearance	Form: White to Off-White powder	
	b) Odor	no data available	
	c) Odor Threshold	no data available	
	d) pH	no data available	
	 e) Melting point/freezing point 	no data available	
	f) Initial boiling point and boiling range	no data available	
	g) Flash point	no data available	
	h) Evaporation rate	no data available	
	 i) Flammability (solid, gas) 	no data available	
	 j) Upper/lower flammability or explosive limits 	no data available	
	k) Vapor pressure	no data available	
	I) Vapor density	no data available	
	m) Relative density	no data available	
	n) Water solubility	no data available	
	 Partition coefficient: n- octanol/water 	no data available	
	p) Auto-ignition temperature	no data available	
	 q) Decomposition temperature 	no data available	
	r) Viscosity	no data available	
	 s) Explosive properties 	no data available	
	 t) Oxidizing properties 	no data available	
9.2	Other safety information:	no data available	

10. STABILITY AND REACTIVITY

- Reactivity: No data available 10.1
- Chemical stability: Stable under recommended storage conditions. 10.2
- 10.3 Possibility of hazardous reactions: No data available
- 10.4 Conditions to avoid: No data available
- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products - no data available. In the event of fire: see section 5

11. TOXICOLOGICAL INFORMATION

- Information on toxicological effects 11.1
 - Acute toxicity: No data available
 - Inhalation: No data available
 - Dermal: No data available
 - Skin corrosion/irritation: No data available
 - Serious eye damage/eye irritation: No data available
 - Respiratory or skin sensitization: No data available
 - Germ cell mutagenicity: No data available
 - Carcinogenicity:
 - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
 - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
 - NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
 - OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
 - Reproductive toxicity: No data available
 - Specific target organ toxicity single exposure: No data available

Specific target organ toxicity - repeated exposure: No data available

- Aspiration hazard: No data available
- Additional Information: RTECS: Not available

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12. ECOLOGICAL INFORMATION

- Toxicity: No data available 12.1
- Persistence and degradability: No data available Bioaccumulative potential: No data available 12.2
- 12.3
- Mobility in soil: No data available 12.4
- Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available

13. DISPOSAL CONSIDERATIONS

- Waste treatment methods 13.1
 - Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
- 14. TRANSPORT INFORMATION

DOT (US) Not dangerous goods
