Creosalus, Inc (Advanced ChemTech) www.AdvancedChemTech.com
SAFETY DATA SHEET

Revision Date 03/27/2019

1. PROE	Dreduct id				
1.1	Product identifiers				
	Product name	: Fmoc-Ile-Thr(psiMe,Mepro)-OH			
	Product Number	: PTI021			
	Brand CAS-No.	: Advanced ChemTech			
		: 957780-52-8			
1.2		of the substance or mixture and uses advised against			
	Identified uses	: Laboratory chemicals, Manufacture of substances			
1.3	Details of the supplier of the safety data sheet				
	Company	: Creosalus, Inc.			
		5609 Fern Valley Rd, Louisville, KY 40228 USA			
	Telephone	: +1 800-456-1403			
	Fax	: +1 502-968-1000			
1.4	Emergency telephone n	umber : +1 800-424-9300 Chemtrec			
2 HA74	ARDS IDENTIFICATION				
2.1		stance or mixture: Not a hazardous substance or mixture.			
2.1		cluding precautionary statements: Not a hazardous substance or mixture.			
2.2		classified (HNOC) or not covered by GHS – none			
2.3	Hazarus not otherwise t	iassilied (nivoc) of not covered by GHS – none			
3. COM	POSITION/INFORMATION C	N INGREDIENTS			
3.1	Substances				
	Formula	: C ₂₈ H ₃₄ N ₂ O ₆			
	Molecular Weight	: 494.58 g/mole			
	CAS-No.	: 957780-52-8			
		lous according to OSHA criteria.			
		bus according to the applicable regulations.			
4. FIRS	T AID MEASURES				
4.1	Description of first aid r	neasures			
	If inhaled: If breathed in, move person into fresh air. If not breathing, give artificial respiration.				
	In case of skin contact: Wash off with soap and plenty of water.				
	In case of eye contact: Flush eyes with water as a precaution.				
12		anything by mouth to an unconscious person. Rinse mouth with water.			
4.2	Most important sympton	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the			
	Most important sympton labeling (see section 2.2)	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11			
4.2 4.3	Most important sympton labeling (see section 2.2)	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the			
4.3	Most important sympton labeling (see section 2.2) Indication of any immed	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11			
4.3 5. FIREI	Most important sympton labeling (see section 2.2) Indication of any immed	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11			
4.3	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available			
4.3 5. FIREI 5.1	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r	ns and offects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.			
4.3 5. FIREI 5.1 5.2	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx)			
4.3 5. FIREI 5.1 5.2 5.3	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available needia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary.			
4.3 5. FIREI 5.1 5.2	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available needia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary.			
4.3 5. FIREI 5.1 5.2 5.3 5.4	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available needia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES			
4.3 5. FIREI 5.1 5.2 5.3 5.4	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available needia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas are section 8.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s Environmental precaution	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas se section 8. ons: Do not let product enter drains.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection se Environmental precauti Methods and materials	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas are section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection se Environmental precauti Methods and materials	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas se section 8. ons: Do not let product enter drains.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection se Environmental precauti Methods and materials	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas are section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s Environmental precaution Methods and materials i Reference to other section DLING AND STORAGE	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas se section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANE	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: 1 Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s Environmental precaution Methods and materials i Reference to other section DLING AND STORAGE Precautions for safe hat	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas se section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANE 7.1	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: N Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection se Environmental precautit Methods and materials i Reference to other section DLING AND STORAGE Precautions for safe han fire protection. For precau	ms and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available media: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas are section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13. notifie: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive tions see section 2.2.			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANE	Most important sympton labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection se Environmental precauti Methods and materials t Reference to other secti DLING AND STORAGE Precautions for safe han fire protection. For precau Conditions for safe stor	ns and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available nedia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas se section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13.			
4.3 5. FIREF 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANE 7.1 7.2	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s, Environmental precaution Methods and materials in Reference to other section DLING AND STORAGE Precautions for safe han fire protection. For precau Conditions for safe stor -20 °C.	Ins and effects, both acute and delayed: The most important known symptoms and effects are described in the and/or in section 11 liate medical attention and special treatment needed: No data available needia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. from the substance or mixture: Carbon oxides, nitrogen oxides (NOx) Wear self contained breathing apparatus for fire fighting if necessary. data available RES protective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas as section 8. ons: Do not let product enter drains. for containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. ons: For disposal see section 13. htting: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive titons see section 2.2. age, including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Store at			
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANE 7.1	Most important symptod labeling (see section 2.2) Indication of any immed FIGHTING MEASURES Extinguishing media Suitable extinguishing r Special hazards arising Advice for firefighters: \ Further information: No DENTAL RELEASE MEASU Personal Precautions, p For personal protection s, Environmental precaution Methods and materials in Reference to other section DLING AND STORAGE Precautions for safe han fire protection. Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure Do not let product enter drains.

9. PHYSICAL AND CHEMICAL PROPERTIES					
9.1	Information on basic physical and chemical properties				
	a) Appearance	Form: White to Off-White solid			
	b) Odor	no data available			
	c) Odor Threshold	no data available			
	d) pH	no data available			
	 e) Melting point/freezing point 	no data available			
	f) Initial boiling point and boiling range	no data available			
	g) Flash point	no data available			
	h) Evaporation rate	no data available			
	 Flammability (solid, gas) 	no data available			
	j) Upper/lower flammability or explosive limits	no data available			
	k) Vapor pressure	no data available			
	I) Vapor density	no data available			
	m) Relative density	no data available			
	n) Water solubility	no data available			
	 Partition coefficient: n- octanol/water 	no data available			
	p) Auto-ignition temperature	no data available			
	 q) Decomposition temperature 	no data available			
	r) Viscosity	no data available			
	s) Explosive properties	no data available			
	t) Oxidizing properties	no data available			
9.2	Other safety information:	no data available			

10. STABILITY AND REACTIVITY

- Reactivity: No data available 10.1
- Chemical stability: Stable under recommended storage conditions. 10.2
- 10.3 Possibility of hazardous reactions: No data available
- 10.4 Conditions to avoid: No data available
- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products - no data available. In the event of fire: see section 5

11. TOXICOLOGICAL INFORMATION

- Information on toxicological effects 11.1
 - Acute toxicity: No data available
 - Inhalation: No data available
 - Dermal: No data available
 - Skin corrosion/irritation: No data available
 - Serious eye damage/eye irritation: No data available
 - Respiratory or skin sensitization: No data available
 - Germ cell mutagenicity: No data available
 - Carcinogenicity:
 - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
 - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
 - NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
 - OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
 - Reproductive toxicity: No data available
 - Specific target organ toxicity single exposure: No data available

Specific target organ toxicity - repeated exposure: No data available

- Aspiration hazard: No data available
- Additional Information: RTECS: Not available

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

12. ECOLOGICAL INFORMATION

- Toxicity: No data available 12.1
- Persistence and degradability: No data available Bioaccumulative potential: No data available 12.2
- 12.3
- Mobility in soil: No data available 12.4
- Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available

13. DISPOSAL CONSIDERATIONS

Waste treatment methods 13.1

- Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
- 14. TRANSPORT INFORMATION

DOT (US) Not dangerous goods

© CREOSALUS, INC. ALL RIGHTS RESERVED

IMDG Not dangerous goods IATA Not dangerous goods

15. REGULATORY INFORMATION SARA 302 Components

SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302. SARA 313 Components SARA 313 components SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313. SARA 311/312 Hazards: No SARA Hazards

0

Massachusetts Right to Know Components: No components are subject to the Massachusetts Right to Know Act. Pennsylvania Right to Know Components

CAS-No. 957780-52-8	Revision Date
CAS-No. 957780-52-8	Revision Date
	957780-52-8 CAS-No.

California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

16. OTHER INFORMATION HMIS Rating Health hazard: - 141- 11-----

Chronic Health Hazard:	
Flammability:	0
Physical Hazard	0
NFPA Rating	
Health hazard:	0
Fire Hazard:	0
Reactivity Hazard:	0

The above information is believed to be correct, but does not purport to be all inclusive and shall be used only as a guide. CreoSalus, Inc. shall not be liable for any damage resulting in the handling or from contact with the above product.
