Creosalus, Inc (Advanced ChemTech ) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 09/03/2019

1. PRO	DUCT AND COMPANY IDENT	TFICATION		
1.1	Product identifiers			
	Product name	: ANP Linker		
	Product Number	: RT1045		
	Brand	: Advanced ChemTech		
	CAS-No.	: 171778-06-6		
1.2	Relevant identified uses	of the substance or mixture and uses advised against		
	Identified uses	: Laboratory chemicals, Manufacture of substances		
1.3	Details of the supplier of the safety data sheet			
	Company	: Creosalus, Inc.		
	company	5609 Fern Valley Rd, Louisville, KY 40228 USA		
	Telephone	:+1 800-456-1403		
	Fax	:+1 502-968-1000		
1.4		mber : +1 800-424-9300 Chemtrec		
	Emergency telephone na			
2. HAZA	ARDS IDENTIFICATION			
2.1	Classification of the subs	stance or mixture: Not a hazardous substance or mixture.		
2.2	GHS Label elements, incl	uding precautionary statements: Not a hazardous substance or mixture.		
2.3		assified (HNOC) or not covered by GHS - none		
3. COM	POSITION/INFORMATION ON	I INGREDIENTS		
3.1	Substances			
	Synonyms	: 3-(Fmoc-amino)-3-(2-nitrophenyl)propanoic acid, Fmoc-ANP Linker		
	Formula	$: C_{24}H_{20}N_2O_6$		
	Molecular Weight	: 432.43g/mole		
	CAS-No.	: 171778-06-6		
		e disclosed according to the applicable regulations.		
4. FIRS	T AID MEASURES			
4.1	Description of first aid me	easures		
		nove person into fresh air. If not breathing, give artificial respiration.		
		Vash off with soap and plenty of water.		
		ush eyes with water as a precaution.		
	If swallowed: Never give a	and the low of the second s		
	•• • • • • •	anything by mouth to an unconscious person. Rinse mouth with water.		
4.2		s and effects, both acute and delayed: The most important known symptoms and effects are described in the		
	labeling (see section 2.2) a	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11		
4.2 4.3	labeling (see section 2.2) a	s and effects, both acute and delayed: The most important known symptoms and effects are described in the		
4.3	labeling (see section 2.2) a Indication of any immedia	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11		
4.3 5. FIREI	labeling (see section 2.2) a Indication of any immedia	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11		
4.3 5. FIREI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available		
4.3 5. FIREI 5.1	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.		
4.3 5. FIREI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available		
4.3 5. FIREI 5.1	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi	is and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.		
4.3 5. FIREI 5.1 5.2 5.3	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi	as and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. lear self contained breathing apparatus for fire fighting if necessary.		
4.3 5. FIREI 5.1 5.2 5.3	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fu Advice for firefighters: W	as and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. lear self contained breathing apparatus for fire fighting if necessary.		
4.3 5. FIREI 5.1 5.2 5.3 5.4	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fu Advice for firefighters: W	as and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. lear self contained breathing apparatus for fire fighting if necessary. lata available		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d	as and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. lear self contained breathing apparatus for fire fighting if necessary. lata available		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr	as and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11 ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. ear self contained breathing apparatus for fire fighting if necessary. lata available RES rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fr Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see	ate medical attention and special treatment needed: No data available edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known. ear self contained breathing apparatus for fire fighting if necessary. lata available RES ordective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>rom the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>test equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>br containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>rom the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fr Advice for firefighters: W Further information: No of DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for Reference to other section	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>test equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>br containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fr Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials fo Reference to other sectio DLING AND STORAGE	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>room the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>RES</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>ons: For disposal see section 13.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for Reference to other sectio DLING AND STORAGE Precautions for safe han	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>rom the substance or mixture: Nature of decomposition products not known.</li> <li>lear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>EES</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>ins: For disposal see section 13.</li> <li>dling: Further processing of solid materials may result in the formation of combustible dusts. The potential for</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for Reference to other sectio DLING AND STORAGE Precautions for safe han combustible dust formation	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. room the substance or mixture: Nature of decomposition products not known.</li> <li>lear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>tES</li> <li>otection 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>ins: For disposal see section 13.</li> <li>dling: Further processing of solid materials may result in the formation of combustible dusts. The potential for should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No of DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials fo Reference to other sectio DLING AND STORAGE Precautions for safe han combustible dust formation at places where dust is for	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. rom the substance or mixture: Nature of decomposition products not known.</li> <li>lear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>tess</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>for disposal see section 13.</li> <li>dling: Further processing of solid materials may result in the formation of combustible dusts. The potential for should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation med. For precautions see section 2.2.</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fr Advice for firefighters: W Further information: No of DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials for Reference to other sectio DLING AND STORAGE Precautions for safe han combustible dust formation at places where dust is forr Conditions for safe stora	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>room the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>RES</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>ins: For disposal see section 13.</li> <li>dling: Further processing of solid materials may result in the formation of combustible dusts. The potential for a should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation med. For precautions see section 2.2.</li> <li>inge, including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage</li> </ul>		
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1	labeling (see section 2.2) a Indication of any immedia FIGHTING MEASURES Extinguishing media Suitable extinguishing m Special hazards arising fi Advice for firefighters: W Further information: No d DENTAL RELEASE MEASUR Personal Precautions, pr For personal protection see Environmental precaution Methods and materials fo Reference to other sectio DLING AND STORAGE Precautions for safe han combustible dust formation at places where dust is for Conditions for safe stora class (TRGS 510): Non Co	<ul> <li>and effects, both acute and delayed: The most important known symptoms and effects are described in the ind/or in section 11</li> <li>ate medical attention and special treatment needed: No data available</li> <li>edia: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.</li> <li>room the substance or mixture: Nature of decomposition products not known.</li> <li>ear self contained breathing apparatus for fire fighting if necessary.</li> <li>lata available</li> <li>tes</li> <li>rotective equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas a section 8.</li> <li>ns: No special environmental precautions required.</li> <li>or containment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.</li> <li>ins: For disposal see section 13.</li> <li>dling: Further processing of solid materials may result in the formation of combustible dusts. The potential for should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation ned. For precautions see section 2.2.</li> <li>ige, including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. Storage mbustible Solids</li> </ul>

Body Protection Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place., the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure No special environmental precautions required.

#### 9. PHYSICAL AND CHEMICAL PROPERTIES 9.1

 Information on basic physical and chemical propertie	es
a) Appearance	Form: White to Off-White powder
b) Odor	no data available
c) Odor Threshold	no data available
d) pH	no data available
e) Melting point/freezing point	no data available
<li>f) Initial boiling point and boiling range</li>	no data available
g) Flash point	no data available
h) Evaporation rate	no data available
i) Flammability (solid, gas)	no data available
<ul> <li>j) Upper/lower flammability or explosive limits</li> </ul>	no data available
k) Vapor pressure	no data available
I) Vapor density	no data available
m) Relative density	no data available
n) Water solubility	no data available
<ul> <li>Partition coefficient: n- octanol/water</li> </ul>	no data available
p) Auto-ignition temperature	no data available
<ul> <li>q) Decomposition temperature</li> </ul>	no data available
r) Viscosity	no data available
s) Explosive properties	no data available
t) Oxidizing properties	no data available
Other safety information:	no data available

#### **10. STABILITY AND REACTIVITY**

9.2

- 10.1 Reactivity: No data available
- 10.2 Chemical stability: Stable under recommended storage conditions.
- 10.3 Possibility of hazardous reactions: No data available
- Conditions to avoid: No data available 10.4
- 10.5 Incompatible materials: Strong oxidizing agents
- Hazardous decomposition products: Other decomposition products no data available. In the event of fire: see section 5 10.6

#### **11. TOXICOLOGICAL INFORMATION** 11.1

Information on toxicological effects

- Acute toxicity: No data available
- Inhalation: No data available

Dermal: No data available

Skin corrosion/irritation: No data available

Serious eye damage/eye irritation: No data available

- Respiratory or skin sensitization: No data available
- Germ cell mutagenicity: No data available

#### Carcinogenicity:

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity: No data available

Specific target organ toxicity - single exposure: No data available

Specific target organ toxicity - repeated exposure: No data available

Aspiration hazard: No data available

Additional Information: RTECS: Not available To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

## 12. ECOLOGICAL INFORMATION

- 12.1 Toxicity: No data available
- Persistence and degradability: No data available Bioaccumulative potential: No data available 12.2
- 12.3
- Mobility in soil: No data available 12.4
- Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted 12.5 12.6 Other adverse effects: No data available

### 13. DISPOSAL CONSIDERATIONS

13.1 Waste treatment methods

Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
