Creosalus, Inc (Advanced ChemTech) www.AdvancedChemTech.com SAFETY DATA SHEET

Revision Date 07/08/2016

	OUCT AND COMPANY IDENTIFIC	CATION
1. PROF		
1.1	Product identifiers	
	Product name	: H-Cba-OH
	Product Number	: YX2620
	Brand	: Advanced ChemTech
	CAS-No.	: N/A
1.2		ne substance or mixture and uses advised against
	Identified uses	: Laboratory chemicals, Manufacture of substances
1.3	Details of the supplier of the	
	Company	: Creosalus, Inc.
	Company	5609 Fern Valley Rd, Louisville, KY 40228 USA
	Telephone	: +1 800-456-1403
	Fax	: +1 502-968-1000
1.4		er : +1 800-424-9300 Chemtrec
	ARDS IDENTIFICATION	
2.1		ce or mixture: Not a hazardous substance or mixture.
2.2		ng precautionary statements: Not a hazardous substance or mixture.
2.3	Hazards not otherwise classi	fied (HNOC) or not covered by GHS – none
2 001	DOSITION/INFORMATION ON IN	ODEDIENTS
3. COM 3.1	POSITION/INFORMATION ON INC Substances	GREDIEN 15
3.1		
	Formula	$: C_5H_8N_2O_2$
	Molecular Weight	: 128.13g/mole
	CAS-No.	: N/A
	No ingredients are hazardous a	
	No components need to be disc	closed according to the applicable regulations.
4.1	Description of first aid measure	2011
		e person into fresh air. If not breathing, give artificial respiration.
		n off with soap and plenty of water.
		eyes with water as a precaution.
		ning by mouth to an unconscious person. Rinse mouth with water.
4.2	Most important symptoms ar	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the
	Most important symptoms ar labeling (see section 2.2) and/c	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11
4.2 4.3	Most important symptoms ar labeling (see section 2.2) and/c	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the
4.3	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11
4.3 5. FIREI	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11
4.3	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the or in section 11 medical attention and special treatment needed: No data available
4.3 5. FIREI 5.1	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
4.3 5. FIREI 5.1 5.2	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from	 ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx)
4.3 5. FIREI 5.1 5.2 5.3	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear	hing by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary.
4.3 5. FIREI 5.1 5.2	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from	hing by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary.
4.3 5. FIREI 5.1 5.2 5.3 5.4	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data	hing by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the pr in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES	ning by mouth to an unconscious person. Rinse mouth with water. and effects, both acute and delayed: The most important known symptoms and effects are described in the or in section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available
4.3 5. FIREI 5.1 5.2 5.3 5.4	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect	hing by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available t: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protec For personal protection see see	hing by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOX) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. ction 8.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see see Environmental precautions: 1	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. ction 8. Do not let product enter drains.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the or in section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Do not let product enter drains. Do not let product enter drains. Do nationment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see see Environmental precautions: 1	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the or in section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Do not let product enter drains. Do not let product enter drains. Do nationment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the or in section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Do not let product enter drains. Do not let product enter drains. Do nationment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protec For personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOX) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Ction 8. Do not let product enter drains. partainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see set Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Ction 8. Do not let product enter drains. Intainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available Critice equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Contained the trains. Do not let product enter drains. Do not let product enter drains. Do nationment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI	Most important symptoms ar labeling (see section 2.2) and/c Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Protection see sec Environmental precautions: I Methods and materials for cc Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available It Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. Ction 8. Do not let product enter drains. Intainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see set Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOX) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. ction 8. Do not let product enter drains. ontainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOX) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. ction 8. Do not let product enter drains. ontainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available at: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. to not let product enter drains. Do not let product enter drains. Dontal terproduct enter drains. Dontal terproduct enter drains. protainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. to not let product enter drains. Do not let product enter drains. Intainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available at: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. to not let product enter drains. Do not let product enter drains. Dontal terproduct enter drains. Dontal terproduct enter drains. protainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protec For personal protection see set Environmental precautions: I Methods and materials for cc Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I Control parameters Components with workplace Exposure controls	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the per in section 11 medical attention and special treatment needed: No data available It: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available Ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. to not let product enter drains. Do not let product enter drains. Dontal ter product enter drains. Dontal ter provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protec For personal protection see set Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I Control parameters Components with workplace Exposure controls	ning by mouth to an unconscious person. Rinse mouth with water. nd effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available a: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. to not let product enter drains. Do not let product enter drains. Dot alt product enter drains. Tor disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION control parameters Contains no substances with occupational exposure limit values. trols General industrial hygiene practice.
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protect For personal protection see see Environmental precautions: I Methods and materials for co Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I Control parameters Components with workplace Exposure controls Appropriate engineering con Personal protective equipme	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available In: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOX) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. tion 8. Do not let product enter drains. ontainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION control parameters Contains no substances with occupational exposure limit values. trols General industrial hygiene practice. nt
4.3 5. FIREI 5.1 5.2 5.3 5.4 6. ACCI 6.1 6.2 6.3 6.4 7. HANI 7.1 7.2 7.3 8. EXPC 8.1	Most important symptoms ar labeling (see section 2.2) and/o Indication of any immediate r FIGHTING MEASURES Extinguishing media Suitable extinguishing media Special hazards arising from Advice for firefighters: Wear Further information: No data DENTAL RELEASE MEASURES Personal Precautions, protec For personal protection see see Environmental precautions: I Methods and materials for cc Reference to other sections: DLING AND STORAGE Precautions for safe handling fire protection. For precautions Conditions for safe storage, i Specific end use(s): Apart from DSURE CONTROLS/PERSONAL I Control parameters Components with workplace Exposure controls Appropriate engineering con Personal protective equipme Eye/face protection Use equip	ning by mouth to an unconscious person. Rinse mouth with water. Ind effects, both acute and delayed: The most important known symptoms and effects are described in the prin section 11 medical attention and special treatment needed: No data available In: Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. the substance or mixture: Carbon oxides, nitrogen oxides (NOx) self contained breathing apparatus for fire fighting if necessary. available ctive equipment, and emergency procedure: Avoid dust formation. Avoid breathing vapors, mist or gas. tion 8. Do not let product enter drains. ontainment and cleaning up: Sweep up and shovel. Keep in suitable, closed containers for disposal. For disposal see section 13. g: Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventive see section 2.2. including any incompatibilities: Keep container tightly closed in a dry and well-ventilated place. m the uses mentioned in section 1.2 no other specific uses are stipulated PROTECTION control parameters Contains no substances with occupational exposure limit values. trols General industrial hygiene practice. nt

Respiratory protection Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Control of environmental exposure Do not let product enter drains.

9. PHYSIC	AL AND CHEMICAL PROPERTIES				
9.1	Information on basic physical and chemical properties				
	a) Appearance	Form: White powder			
	b) Odor	no data available			
	c) Odor Threshold	no data available			
	d) pH	no data available			
	 e) Melting point/freezing point 	no data available			
	f) Initial boiling point and boiling range	no data available			
	g) Flash point	no data available			
	h) Evaporation rate	no data available			
	i) Flammability (solid, gas)	no data available			
	j) Upper/lower flammability or explosive limits	no data available			
	k) Vapor pressure	no data available			
	I) Vapor density	no data available			
	m) Relative density	no data available			
	n) Water solubility	no data available			
	 Partition coefficient: n- octanol/water 	no data available			
	p) Auto-ignition temperature	no data available			
	 q) Decomposition temperature 	no data available			
	r) Viscosity	no data available			
	 s) Explosive properties 	no data available			
	t) Oxidizing properties	no data available			
9.2	Other safety information:	no data available			

10. STABILITY AND REACTIVITY

- **10.1** Reactivity: No data available
- 10.2 Chemical stability: Stable under recommended storage conditions.
- 10.3 Possibility of hazardous reactions: No data available
- 10.4 Conditions to avoid: No data available
- 10.5 Incompatible materials: Strong oxidizing agents
- 10.6 Hazardous decomposition products: Other decomposition products no data available. In the event of fire: see section 5

11. TOXICOLOGICAL INFORMATION

- 11.1 Information on toxicological effects
 - Acute toxicity: No data available
 - Inhalation: No data available
 - Dermal: No data available
 - Skin corrosion/irritation: No data available
 - Serious eye damage/eye irritation: No data available
 - Respiratory or skin sensitization: No data available
 - Germ cell mutagenicity: No data available
 - Carcinogenicity:
 - IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
 - ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
 - NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
 - OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
 - Reproductive toxicity: No data available
 - Specific target organ toxicity single exposure: No data available
 - Specific target organ toxicity repeated exposure: No data available
 - Aspiration hazard: No data available Additional Information: RTECS: Not available

12. ECOLOGICAL INFORMATION

- 12.1 Toxicity: No data available
- 12.2 Persistence and degradability: No data available
- 12.3 Bioaccumulative potential: No data available
- 12.4 Mobility in soil: No data available
- 12.5
 Results of PBT and vPvB assessment: PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

 12.6
 Other adverse effects: No data available

13. DISPOSAL CONSIDERATIONS 13.1 Waste treatment method

- Waste treatment methods Product: Offer surplus and non-recyclable solutions to a licensed disposal company. Contaminated packaging: Dispose of as unused product.
- 14. TRANSPORT INFORMATION

DOT (US) Not dangerous goods **IMDG** Not dangerous goods
